

1 July 2008

Dear member

DISCONTINUATION OF DYNAMIX AND ACCESS OPTIONS

A condition was attached to the merger of CompCare, Cimas Wellness and Lifemed Medical Schemes by the Council for Medical Schemes, whereby in order for Access and Dynamix options to successfully continue, it would be a requirement that the number of members would have to increase to self sustaining, viable levels.

We regret to advise you that we were not successful in obtaining the required membership and have no alternative but to discontinue these options, effective 1 August 2008.

We attach details of the alternative options available on CompCare Wellness and request you to select an appropriate option which will suit your health benefit requirements.

Please complete the enclosed option selection form and forward to the appropriate address, fax or e-mail before 31 July 2008.

Should we not receive your option selection form by 31 July 2008, all Access members will be defaulted to the MME (Major Medical Expenses) option and Dynamix members will be defaulted to the Excess Direct option.

All benefits for the remainder of 2008 will be pro-rated on the newly selected options. Savings balances on the Dynamix option will be transferred provided the option selected has a savings element. If not, savings balances will be refunded to members after a period of four months.

Please contact our call centre on (011)208-1010/20 should you require more details.

Yours sincerely

COMPCARE WELLNESS MEDICAL SCHEME
